Description

Introducing a modern 1+kk apartment in a new premium resort, situated directly in the centre of Lipno nad Vltavou. The location offers a unique combination: only 300 metres from the water surface and at the same time a quiet spot on the edge of the built-up area by the forest.

The layout of the apartment is designed with an emphasis on functionality, plenty of natural light and a direct connection between the interior and exterior through the terrace and large garden. From the entrance hall and corridor with a wardrobe, there is access to the bathroom with WC. The space then transitions into the main living area connected to the kitchen, from which there is access to the spacious terrace and garden. Here you will find the ideal setting for relaxation: garden furniture, a private sauna, an outdoor shower and decorative flower beds. The garden offers a view of the lake surface and is located in a very quiet part of the village, yet within comfortable walking distance to the beach and the very centre of Lipno.
