in the first line right by the beach and the yacht marina, with direct access to the Lipno cycling and inline skating trail. All civic amenities, renowned restaurants, cafes, shops, and sports complexes are within walking distance. Yet, the resort maintains a maximum level of privacy and security within a closed inner courtyard.

The project standard meets the highest current demands for comfortable living and hassle-free operation. Features naturally include triple-glazed windows, electric exterior blinds, a smart home system for remote control, and elegant glass railings. An underground parking space with preparation for EV charging and a spacious cellar cubicle—ideal for storing bicycles or skis—can be purchased in addition to the apartment.

Clients of LIPNO REAL gain access to exclusive client conditions, favorable financing, and complete professional service. We have been operating in the Lipno region for over 20 years, and following the property handover, we also offer a full-service apartment rental management program.

We invite you to a personal meeting to discuss all the details. Our office is located right in Lipno nad Vltavou, just 300 meters from the planned construction site. You thus have the unique opportunity to study the project in a professional environment while we together visit the exact coastal spot where your new apartment will stand.
